

Eliminate Cables & Sync Additional Displays

ZeroWire® G2 Wireless Imaging

**Easy
& Cost
Effective**

- **Eliminate wires from the floor**
 - Helps **enhance safety** and turnaround time
 - Eliminates the need to clean & maintain the video cable
- **Full HD video** duplication in **real time** (*no noticeable delay*)
- **Matched signal**, transmitter to receiver, is *independent of facility's Wi-Fi*
 - **Simple installation**—no software to be installed
 - **Automatic pairing** makes it easy to connect time after time
 - Designed to direct the RF signal **above** obstructions
 - *Designed to avoid interference with other hospital signals*
- **Reliable**
 - Maximizes **continuous wireless performance** under the most demanding conditions

Can be used with any brand of display (new or existing)

ZeroWire® Mobile

Take the display wherever you need to go —NO CABLES ATTACHED

ZeroWire® Mobile allows an NDS display to be wheeled and positioned where you need it—without a cable or power cord.

Medical-Grade Battery Display Stand

- Can power a 32" NDS display for up to 5 hours continuously
- Ideally suited for both **Endo/GI** procedure rooms as well as **OR's** during **laparoscopy**

Wall charger and power modules sold separately.

We'll do the cross referencing for you.
